WITH
FRACTIONS**

Step 4

Rewrite the fraction greater than 1 as a mixed number.

$$\frac{15}{10} = 10 \overline{)15} = 1 \frac{5}{10}$$

Step 5

Add and write in simplest form.

$$10 + 1 \frac{5}{10} = 11 \frac{1}{2}$$

Example:

$$8 \frac{3}{4} + 5 \frac{3}{5} =$$
